

Barefoot Lawrence

A history investigation and a mystery story all rolled into one.

Old buildings carry old secrets. Investigate the mysterious happenings that took place in Sackville Reach Public School over 100 years ago. Students use historical concepts and skills to solve a mystery of old bones that has baffled locals for decades. *Was there really a creature in the valley below the school all those years ago?*

This leading historical inquiry program incorporates;

Primary sources
Experiential learning

Literacy activities pre and post visit linked to the continuum
Aboriginal Education themes

On the day students will participate in;

Diary recount and the amazing discovery: Recount the diary of Lawrence (fictional character) and discover more diary sections that will require further investigation. Lawrence's amazing discovery is revealed.

Inside the 1878 Classroom: Experience school life in 1916, meet the cranky Principal and learn classroom rules. Write in ink and help investigate the missing diary sections to uncover new discoveries!

Jimmy's Kitchen: Aboriginal artefacts, storytelling and old maps will lead us on a journey to find more amazing things. What is down the goanna track and in the slimy rock forest?
